Small exhibition of recent graphic works by Hardus Lourens

Hardus Lourens.

RUSTENBURG - At the end of July, Hardus Lourens will exhibit some of his recent graphic work at Molla's Art Gallery in Rustenburg.

The work can be viewed at the gallery between 17 July and 1 August.

The artist views the exhibition as a warm-up for a larger event planned for the end of the year. "I haven't been producing anything artistic for a long time. By having this exhibition I am trying to gauge what the demand might be for skills such as those I possess".

Traditional themes such as landscape and portraiture feature among the works that will be on display but there are also less traditional works. The exhibition will include examples of painting, printmaking, photography and drawing as well as mixed media works.

Enquiries can be made at the gallery in Kruger Street or 014-592 9050. You can also visit the website www.demiurge.co.za.

A small exhibition of recent graphic works by Hardus Lourens will be held at Molla's Art Gallery from July 17 - August 1.
